UNION SERVICES OF CRUCES CHURCHES

Civic League to Meet; Water in Ditches—Cattle Sale.

Las Cruces, N. M., Aug. 6.—The inter-denominational union service will be held Sunday evening in the Presbyterian church. Recently these services have frequently turned to the discussion of civic affairs in view of the coming constitutional convention. They are brief, less than one hour in length.

At the 11 o'clock service of the Presbyterian congregation tomorrow Dr. Vaughn will speak on "The Cheapening of Life."

At the 11 o'clock service of the Methodist church tomorrow W. A. Nicholas will preach. Mr. Nicholas is connected with the children's home of Albuquerque.

J. F. Rorex, pastor of the Baptist church, will be with his people on tomorrow for the first time in several weeks, having just recovered from typhoid fever.

A regular meeting of the Civic league will be held on Thursday evening of next week in the offices of the Sattley Realty company.

A number of the farmers got a good irrigation for their orchards and gardens from the waters that filled the ditches for a short time Friday morning.

C. T. Turner sold a carload of 2-year-old bulls to the N. A. N. Land and Cattle company Friday. John Corbett and John Gibson, of Denning, were here representing the company and are loading the cattle out today.

Sheriff Philipe Lucero, N. C. Frenger and Paul Lasso were passengers out for El Paso on Friday evening train.

LAS CRUCES ARREST CAUSES EXCITEMENT

Report That the Man Who Killed Katzenstein Was There, False.

Las Cruces, N. M., Aug. 6.—There was quite a little excitement on the streets Friday when it was reported that the sheriff had arrested the man that killed Emil Katzenstein at Socorro. But when deputies C. W. Stewart and Charles J. Cooney came in yesterday afternoon they said at once that the party held was not the man, but was a tailor who had left Socorro only the previous morning.

TO BEGIN WORK ON COLONNADES ON THE FAIR GROUNDS MONDAY

Money for Baseball Tournament Is Increased—Mohair Growers to Have Many Prizes.

Mon. at the fair grounds will begin Monday and a force of men will be employed there from that time until the fair opens in October.

The colonial colonnade, which is to be built of concrete stucco along the main driveway, will be erected first. The new dog show pavilion will also be roofed and finished, and other buildings at the fair grounds completed. The demand for space for manufacturing and commercial exhibits is being received so rapidly that additional room will have to be provided.

The directors of the fair association Friday afternoon decided to increase the baseball tournament purse from \$2000 to \$2500. This allows five prizes to be

given to the teams finishing in the first five positions and insures the expenses of all the clubs in the Cactus league. The first prize will be \$1000, the second \$600, the third \$400, fourth \$300 and fifth \$200. The entrance fee for this tournament has been abolished.

Fred C. Knollberg, of the Mohair Growers' association, met with the directors and outlined the plans for the national convention, which will be held in El Paso the week of the fair. He stated that the mohair exhibit, both of animals and mohair manufactured goods, will be one of the most interesting at the fair. The finest of Angora goats will be exhibited in the livestock department and the manufacturers' exhibit will be on display in the merchants' and manufacturers' building. Mr. Knollberg stated that four silver cups had already been offered as prizes for the mohair exhibit and others were expected.

H. C. Myles will take charge of the livestock department and will have charge of the big cattle show, which is to be one of the features of the fair.

DESPOUDENT MEXICAN GIRL ENDS HER LIFE WITH A REVOLVER BULLET

Reyes Garcia, a Mexican girl 22 years of age, took her life about 8 o'clock Friday night by shooting herself in the head with a .33 caliber revolver. The tragedy occurred at the corner of Second and Kansas streets. Despondency over desertion by her sweetheart is believed by the police to have led to the act.

When found the body of the girl was stretched on the floor of the room, face up, with her feet extending a foot or more beneath the bed. From this it is inferred that the girl either knelt down by or sat on the side of the bed when she pressed the weapon to her head. The bullet entered at the temple and lodged near the base of the left ear.

The father and mother of the deceased are dead. Three half-sisters live in the city. The girl's home was two blocks south of the place where she took her life.

Mrs. Chabarra, in whose home the tragedy occurred, states that her two daughters were in front of the house at the time of the deed and that she was in the back room. Reyes Garcia passed through the rear room to the middle room, and immediately thereafter the shot was heard.

Justice McClintock was summoned and

after ascertaining what facts he could, turned the body over to the undertakers, where it still lies.

The Garcia girl bore the reputation of being industrious with a cheerful disposition. The Chabarra woman asserts that no man left the house just before the shooting. The police, however, claim to have strong evidence as to the identity of the man over whom the girl is said to have taken her life.

CHIEF MAKES RECORD RUN TO FIRE IN NEW AUTO.

Fire chief W. W. Armstrong's record-breaking dash to the scene of trouble in his new automobile was the feature of the fire alarm Saturday morning from 323 Texas street. Friday, by order of the council, chief Armstrong took on trial a 40 horse power Oldsmobile, to be used in making runs to fires if it proved satisfactory. A streak of red beginning at the central station and extending to the place of the little blaze that occasioned the alarm was all that spectators along the fire chief's route were able to see. The blaze proved to be nothing more than a pile of odds and ends of lumber burning in the rear of Hoffecker's carpenter shop. A telephone pole and a portion of the back fence formed the total of the loss.

NEW YORK, Aug. 6.—August W. Loane, who gained notoriety while the records of Dr. Cook were under consideration by the Royal university of Copenhagen, has been arrested and held for trial on \$3000 bail, charged with disorderly conduct. He was down on the station house blotter as "Loane" and was not recognized until he was overheard to remark: "This will be good news to Dr. Cook." Questioned, he admitted his identity and continued:

"If the doctor had relied on me, he'd come out all right. But he had to put in calculations of his own and they tipped off the whole thing as a fake."

INVENTOR DEPOSED FROM BIG COMPANY

George Westinghouse, inventor and capitalist, who was recently deposed from the presidency of the great corporation that bears his name. Mr. Westinghouse is the inventor of the air brake that revolutionized railroad operations. His electrical devices have, perhaps, done more to develop American industries than those of any other man except Thomas A. Edison. Control of the big corporation now passes to Robert Mather, chairman of the board of directors. It was said that the inventor was ousted because he would not devote his time to the mechanical end of the corporation, but insisted on troubling himself about the financial affairs of the company.
